

SHUBHAM INGALE

Full Stack Developer

📞 9322521288 ✉ shubhingale23052004@gmail.com 💼 linkedin.com/in/shubhamingale

Education

B.Tech Computer Engineering

Rajarambapu Institute of Technology, Islampur

2026 (Ongoing)

CGPA: 8.33 / 10

12th HSC (Science)

Sadguru Gadage Maharaj College, Karad

2022

Percentage: 81.00

10th SSC

Annaji Govindrao Pawar (Sawkar) Vidyalaya, Vahagaon

2020

Percentage: 94.20

Skills

Programming Languages: Java, JavaScript, Python (Basic)

Web Technologies: HTML5, CSS3, React.js, Node.js, Express.js

Databases: MySQL, MongoDB

Developer Tools: VS Code, Git, GitHub, Google Colab, MySQL Workbench, Postman

Experience

MERN Stack Developer

Jan 2026 – Ongoing

Treel Mobility Solution (On-Site)

Node.js, React, MongoDB, Express, JWT

- Built a **full-stack Smart Tyre Dashboard** with **JWT auth**, bcrypt password hashing, and **role-based access control** across 4 roles with zone-filtered data visibility per user.
- Developed **REST APIs** for complete user lifecycle management (add, edit, soft delete, reactivate) with strict role hierarchy enforcement, duplicate validation, and secure protected routes.
- Designed **real-time Chart.js dashboards** supporting MTD/YTD/custom multi-month filters, zone-wise analytics, and product-type segmentation using **parallel MongoDB aggregations**.
- Built **Excel/CSV bulk upload** with drag-and-drop UI and implemented **synchronized 60s auto-refresh** with tab visibility detection across all dashboard components.

Projects

Job Portal Website (Full-Stack MERN Application) | MongoDB, Express.js, React, Node.js

2024 – 2025

- Designed and developed a full-stack job portal supporting job search, job posting, and resume uploads for candidates and recruiters.
- Implemented secure authentication and role-based access (candidate/recruiter) using **Clerk**, ensuring safe user management.
- Integrated **Cloudinary** for efficient resume and document storage with optimized upload and retrieval workflows.
- Built a recruiter dashboard to manage job postings and applications, improving recruitment workflow efficiency.
- Deployed the application on **Vercel** with real-time error monitoring and performance tracking using **Sentry**.

Personal Portfolio Website | React.js, Tailwind CSS

2025

- Designed and developed a modern, responsive personal portfolio website to showcase projects, skills, and contact information.
- Built reusable React components and implemented clean UI layouts using **Tailwind CSS** with a mobile-first design approach.
- Added smooth animations, section-based navigation, and interactive UI elements to enhance user experience.
- Deployed the portfolio as a live website, enabling recruiters and employers to view projects and profiles online.

Certifications

- **Programming in Java – NPTEL (2024):** Completed an in-depth course covering object-oriented programming, exception handling, collections framework, and multithreading concepts.
- **Full Stack Web Development – Apna College (2024):** Gained hands-on experience in HTML, CSS, JavaScript, React, Node.js, Express.js, and MongoDB through project-based learning.
